

**REMARKS**

The Examiner has noted in item E of the Notice of Non-Compliant Amendment that Claim #60 “has a status indicator of currently amended, but there are no markings to show changes made.” This is incorrect. Claim 60 was and is in the resubmitted claims correctly marked “currently amended” because there was a small punctuation change. A comma was added (underlined in text) in the last line of claim 60 (top of page 10 of this submission) after “octadecyl glycidyl ether, isomers thereof . . .” Applicant respectfully requests withdrawal of the Notice of Non-Compliant Amendment, and entry of the amendments. The claims are now believed to be in condition for allowance.

It is believed that there are no fees associated with this filing. However, in the event the calculations are incorrect, the Commissioner is hereby authorized to charge any deficiencies in fees or credit any overpayment associated with this communication to Deposit Account No. 05-1372.

Respectfully submitted,

Dennis H. Rainear, Reg. No. 32,486
